

ASI's Workshop Series

Location: 97 Main Street, Hamburg, NY 14075

Date: Tuesday, November 12, 2019

Time: 6:00 PM

HIGH FUNCTIONING AUTISM SPECTRUM DISORDER

Come join us at ASI's Resource Center with Alanna Lipinski, PhD. Alanna is a licensed psychologist experienced in working with individuals with high-functioning autism spectrum disorder, anxiety, depression, and challenging behavior. Alanna will discuss:

- A description of HFASD diagnostic criteria and associated symptoms
- Core differences between HFASD and ASD
- Common challenges though the elementary years, teenage years and adult life
- Co-morbid diagnoses with HFASD
- Treatment option and research-based interventions for HFASD across the lifespan

A question and answer discussion will follow.

The workshop is free and open to the public.

Please RSVP with Elizabeth at economos@autism-services-inc.org or 716-992-0131

We look forward to seeing you!
